

Applying to join Ealing Council's housing register

In order to place bids for a new home, you will need to register on Locata. This is an online process and we no longer use paper forms. Before you start, make sure you have your national insurance number and details of all your addresses for the last ten years, including the dates when you moved into each home.

Go to the website at www.locata.org.uk/ealing

On the left side of the screen, click on "register"

You will see some information about banding and priority. In the second paragraph, click where it says "click here". This will take you to the application form.

Register for housing

After considering the other options available, if you still wish to register you will need to complete an online housing register form.

We encourage all housing register applicants to apply online, as our online application forms guide you through the process and provide information on your priority band. If you are unable to apply online yourself, you may ask a family member to help you do this. If you need help in applying, or for an application form, please contact the housing choice and options team on (0203) 235 235. We will be able to help you.

To apply for housing please [click here](#) to register online.

When you get to the third screen of the form, you will be asked to create a username and password. **Please make sure that you write these down and keep them safe. They are confidential and we do not know them so, if you forget them, we can not tell you what they are and you would have to create new ones.**

When you are filling out the form, you will be asked whether you have any medical conditions or disabilities. If you say yes to these questions, you will be given the opportunity to complete a medical assessment form at the end of your application. If you, or someone in your household, has a medical condition that affects the kind of home you can live in, please complete a medical form, so that we know about it.

Once your application has been submitted, it will be assessed by a member of staff and made live. **You will not be able to log in to your account until it has been made live.**

There is a separate information sheet about how to log in and make bids.
